MIT postdoc w/ Hilke Schlichting ²	N/A yet	N/A yet	N/A yet

¹The recommendations go through AcademicJobsOnline, same as for the Pappalardo, but I think it would be advisable for the letter to be tailored specifically for this fellowship.

²I met with Hilke, who would be happy to collaborate with me on my proposed research, and who is looking for a postdoc starting next year, but she hasn't yet advertised the job. I will get back with details on this as soon as I hear back from her or see the job on the AAS registry.
